Mill Creek Baby delivers the best safe, natural, soothing care for your delicate child's skin and hair. Each formula is made by selecting nature's most gentle and finest nutrient rich plant botanicals and emollients to give your little one a all natural safe and healthy experience. Formulas are fragrance free and hypo-allergenic. Thoroughly tested and approved by mothers and smiling children.

Best Facial Moisturizer

MyChelle Dermaceuticals Daily Defense Cream SPF 17

This restorative day cream doubles as a lightweight sunscreen, making it a must-have for any woman looking to streamline her beauty routine while following her dermatologist's advice to wear daily sun protection. **Booth 3234**

We also love: Hyalogic Episilk Pure Hyaluronic Acid Serum for containing only two ingredients: water and "nature's moisture magnet," hyaluronic acid.

Booth 1658

Best Body Moisturizer

Nourish Organic Food for Healthy Skin Organic Body Lotion

New USDA Organic beauty brand Nourish appeals to already health-conscious foodies with a complete personal care line that meets organic food standards. Shea butter, aloe, açai and almond feed your skin in this berries-and-cream-like lotion. **Booth 4123**

We also love: SeabuckWonders Himalayan Sea Buckthorn Body Lotion for its yellow hue that proves its high concentration of skin-healthy sea buckthorn oil. **Booth 1766**

Best Cleanser

The Ginger People GO Ginger Face Cleanser

We're fans of Ginger People's ginger chews for upset tummies and pickled ginger paired with sushi. The same company got our attention for skin care. This product uses ginger to energize and cleanse skin naturally. **Booth 4821**

We also love: Lily Organics Nourishing Facial Cleanser for the original farm-to-bottle approach that shines through in this vegan formula.
